Captain Woola is the leader of the pirates. This is his diary. Please read his diary and the map and answer the following questions.

◆July 4th
Today we landed on the south-west coast of the Island of Heart. The map says there are four lakes on the island. I decided to travel along the river and turned left toward the Crystal Lake. We took a break here and caught a lot of fish! The Rocky Mountains are in the north of the lake. They are so high. I don't think we will hide our treasure there. It is too heavy!

◆July 6th
We traveled along the river from the Rocky Mountains and went east. We went past Finger Forest. My man, Patch, pointed there with his hook hand and said

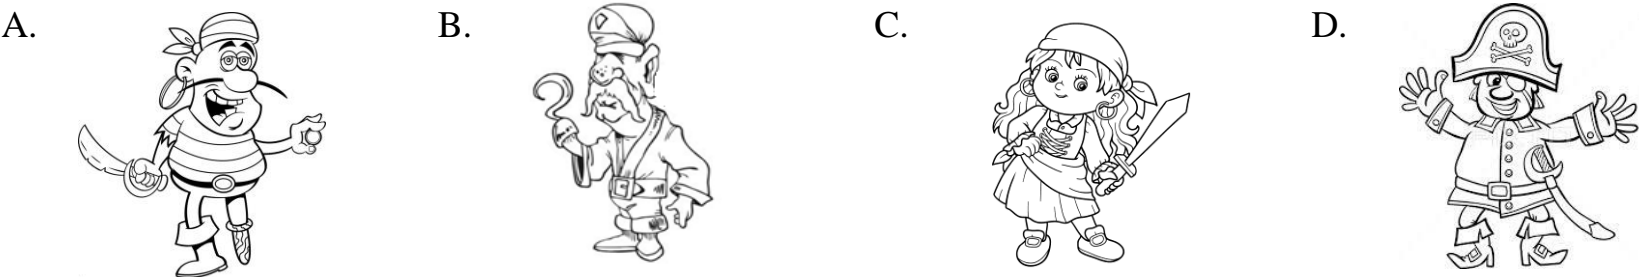

we should hide our treasure in the forest. No way, I don't want my treasure to stay with flies, monkeys and snakes. But the hill behind the forest might be a good choice.

◆July 8th
We stayed at another lake on the island tonight. It is Silver Lake, just in the north of the Sunny Mountains. I sent my boys, Johnny and Pitt, to the Palm Forest, which is in the north of the lake. I heard there is a golden temple inside. I wonder if it is true. Johnny came back with a big bite of bats. He felt sick and said the golden temple was a lie. OK, let's forget it.

◆July 11th
I finally found a place to bury the treasure. It is a secret cave in the Sunny Mountains and only Chris and I know the right place. Chris swore that he wouldn't tell anyone the secret; otherwise, he will lose the other leg. I think I can trust him. After all, a dead man can't talk, can he?
