## 五、閱讀測驗

### White Valentine's Day

Valentine's Day is getting more important in Taiwan. On this day, boys give flowers to their girlfriends. It falls on two different dates in Taiwan. One is on February 14, and the other is on the 7th day of the 7th lunar month. But it's not always on the same date in other countries. For example, in Japan, there are also two Valentine's Days, but one of them is on March 14, as known as "White Valentine's Day." The way of celebrating Valentine's Day is different in Japan. On February 14, the Japanese girls would give chocolate to the boys they like, and then the boys will give "white chocolate" back to the girls on March 14 if they also like them. That's why it's called "White Valentine's Day." It's quite interesting, isn't it?
