Many people love watching movies because it is a way for them to sit back and relax. But not all movies are that relaxing. Horror movies, for example, are the kind of movies that will make you jump out of your seat!

An example of a horror movie classic is *Frankenstein*. The story came from a book written by English writer Mary Shelley in 1818. Doctor Frankenstein created a monster that killed many people in a horrible way. The movie became a hit soon after and everyone enjoyed watching it. If you have not watched the movie, do not worry. A new version of the horror movie will be coming out soon.
